

APPENDIX D

RATE PROPOSAL FORMS

APPENDIX D

RATE PROPOSAL FORMS

Use the following rate proposal forms to submit the rates and/or fees you are quoting. If there is a combination of factors for which you are not submitting a proposal, do not submit that particular rate proposal form.

Feel free to make additional copies as needed, for example, if you are submitting more than one alternative plan proposal for a particular benefit. If you can offer a lower rate by bundling benefits, please indicate that the rates are quoted on a bundled basis and which benefits are bundled. If you are quoting on both a bundled and unbundled basis, please make additional copies and label them appropriately.

The EUTF is considering taking a “managed competition” approach, in which multiple vendors are selected for each category of benefits and participants will be allowed to choose vendors based on price, service, network and other factors. Therefore, you should assume that your plan is not the only plan offered within a category of benefits. If you can offer lower rates provided that yours is the only plan offered within a category, please make additional copies and label the forms “Exclusive”. For this purpose, HMO, PPO, dual-coverage plans, prescription drug, dental, vision, chiropractic, and life insurance should be considered separate categories.

CURRENT PPO PLAN RATE PROPOSAL
